

Technology Grant Application

To: All Educators in the Wilmington School System

From: Wilmington Educational Foundation

Date: March 31, 2016

The Wilmington Educational Foundation is pleased to announce its 2016 Technology Mini-Grant Application Process.

Grants (up to \$1,000.00) are available to teachers who are interested in trying out a new piece of software or hardware in their classrooms that ties student learning to the state benchmarks. This popular grant program was based on the recommendation of the Wilmington Technology Task Force.

Wilmington Educational Foundation encourages all interested educators to submit a grant application. Please note that all proposals must be approved by O.I.T. Director Neal Ellis before they are submitted. (This will ensure that the requested hardware or software is compatible with our infrastructure.) Proposals must also be approved by your building principal prior to submission.

Application forms are attached. Feel free to attach any items to the application that would help us to understand your proposal. The deadline for applications is **Wednesday, April 27, 2016**. Applications should be mailed to Wilmington Educational Foundation, 668 Main Street #190, Wilmington, MA 01887. (NOTE: Please do not mail to the Roman House.)

Grant applicants will be notified by Friday, May 13, 2016. Grant recipients may be asked to present to their colleagues how they successfully utilized the new technology in their classrooms during the 2016-2017 school year.

If you have any questions, please email wilmingtonedfoundation@gmail.com.

We look forward to seeing your applications! Good Luck!
